★ Triple Star Performer Award – TCS 2025 (Recognized May, October & December for Automation excellence)

PROFESSIONAL SUMMARY

Automation Test Engineer with 4+ years in **Playwright (TypeScript/JavaScript)** – built E2E test frameworks serving **100K+ users** with **95% automation coverage** and **zero critical production defects**. Specialist in shift-left testing, CI/CD pipeline integration, containerized test execution, and accessibility (a11y) testing. Delivered **40% flakiness reduction** and **50% faster regression cycles** across enterprise and carrier-grade systems.

CERTIFICATIONS

ISTQB Certified – Foundation Level (CTFL)

TECHNICAL SKILLS

Playwright (JS/TS): E2E & API Testing, Page Object Model, Fixtures & Hooks, Parallel Execution & Sharding, Visual Regression, Trace Viewer, Allure/HTML Reports, Multi-browser & Mobile Emulation
Languages & Runtime: TypeScript, JavaScript, Node.js, npm, SQL
Automation & Testing: Playwright Automation, BDD/Gherkin, Data-Driven & Hybrid Frameworks, Contract Testing, Test Doubles & Mocking
API & Manual Testing: REST API Testing, API Automation, Postman, JSON/XML Validation, Exploratory Testing, Test Strategy & Test Planning, UAT
CI/CD & DevOps: Jenkins, GitHub Actions, Docker (containerized Playwright), Maven, Git, Linux, shift-left testing
Cloud & Databases: Google Cloud (Associate Cloud Engineer), SQL
Tools & Methodologies: JIRA, Redmine, Traceability Matrix, Agile/Scrum, SDLC, STLC, Code Review, Defect Life Cycle

PROFESSIONAL EXPERIENCE

Automation Test Engineer March 2022 – Present
Tata Consultancy Services Limited Hyderabad, India

- * Architected a scalable **Playwright (TypeScript) E2E framework** with POM, Fixtures, parallel sharding on Node.js, and **containerized execution via Docker** – reducing manual effort **30+ hrs/sprint** and improving speed **40%**
- * Applied **shift-left testing** by integrating Playwright suites into **Jenkins CI/CD** and **GitHub Actions** across 3+ environments, achieving **95% automation coverage** for regression and smoke tests
- * Reduced **test flakiness by 40%** using Playwright auto-wait, smart locators, and retry logic – improving pipeline reliability and eliminating false-positive failures
- * Implemented **accessibility (a11y) testing** with Playwright + axe-core ensuring **WCAG 2.1 compliance** across 100K+ user surfaces; integrated **Lighthouse** checks for Core Web Vitals performance monitoring
- * Designed **test strategy** and executed **500+ test cases** (E2E, regression, API, contract); resolved **150+ defects** via JIRA improving stability **25%** with zero critical production defects
- * Led **code reviews** for Playwright/TypeScript test suites; mentored 2 junior SDETs on BDD/Gherkin, test ownership, and framework architecture – boosting team productivity **20%** across **15+ on-time releases**

KEY PROJECTS

Nokia – Telecom OSS/BSS | *Playwright (TS), Docker, Node.js, Jenkins, GitHub Actions, Git, Linux* Dec 2023 – Present

- * Built production-grade **Playwright (TypeScript) E2E suite** with POM, reusable Fixtures, **Allure + HTML Reporter**, and **Docker-containerized** test execution for carrier-grade OSS/BSS infrastructure serving millions of subscribers
- * Authored **200+ E2E and regression tests**; drove coverage from **60% to 85%** and cut regression cycles **50%** using Playwright Trace Viewer for rapid failure diagnosis and **parallel sharding** across 10+ Jenkins nodes (8 hrs → 2 hrs)

GulfTainer Port & Cargo System (UAE) | *Manual Testing, API Testing, Postman, SQL, JIRA* June 2022 – Nov 2023

- * Executed **300+ manual test cases** (functional, regression, integration, UAT) maintaining **99.5% uptime SLA** across 8 major releases and zero critical production defects; designed full **test strategy** with traceability matrices
- * Performed **API testing** via Postman on REST endpoints handling **10K+ daily API calls** – validated JSON/XML responses, auth flows, and data contracts; ensured SQL data integrity across **50K+ daily transactions**

EDUCATION

M.Sc. Computer Science 2018 – 2020
A.B.N & P.R.R College of Science, Kovvur, AP GPA: 8.1/10.0

B.Sc. Computer Science 2015 – 2018
A.B.N & P.R.R College of Science, Kovvur, AP GPA: 7.8/10.0
